The authors regret to inform that on Fig. 9, the x and y axis values were called out incorrectly in Portuguese language for all six graphs. The correct axis names, for all six graphs in the figure, are [Depth (mm)], and [Fluorescence intensity profile (a.u)] for the x and y axis, respectively. Also, the arbitrary units scale in the y axis has been changed to reflect a maximum of 1.0.

The authors sincerely apologize for any inconvenience caused.
